

**Staff Notes for 2:00 VTC – 7/27/2020**

**FL 404 Assumption:** FDEP submitted the Biological Assessment last Friday, and so the assumption process has started. R4 continues to work w/ HQ on the MOA.

**Community Driven Solutions Roadshow:** RA Walker and R4 Senior management will participate in the first Regional Roadshow with Office of Policy on Tuesday, July 28<sup>th</sup>.

**R4/FL PCB MOA:** On Thursday, July 23<sup>rd</sup>, RA Walker signed an MOA between R4 and FDEP which will provide a framework to facilitate the coordinated cleanup of certain sites in the state of Florida that are contaminated with polychlorinated biphenyls (PCBs). A TSCA PCB Coordinated Approval provides a mechanism for federal and state environmental officials to better coordinate PCB cleanup activities and maximize limited resources.

**Travel/Events:**

**None.**
